The top page of the module is displayed again. Click the [Attempt quiz now] button.

The quiz screen is displayed. Start the quiz.

At the end of the quiz, the [Finish attempt...] button appears at the bottom right corner of the screen. Click this button after answering all the questions.

The confirmation screen is displayed. Confirm that all the questions are answered.
Note that the quiz is not complete at this point.
Click [Submit all and finish].

When the confirmation screen is displayed again, click [Submit all and finish].
The review page is displayed. **At least 80%** is required to pass the quiz.

*This screen can be displayed at any time by clicking the module name link from the main menu.*
When you pass the quiz, a check mark is placed in the box to the right of the module in the [COURSE OF PARTICIPANTS] pane of the main menu.

Check box to the right of the module

- A check mark indicates that you passed the test of that module by getting at least 80% on it. **Check marks cannot be removed once placed.**
- Additional requirements such as the attendance period may be applied to have the certificate of the course issued. Therefore, the certificate may not always be issued even when check marks are placed in all the module check boxes. Refer to “2.2 Completing a Course/Having a Certificate Issued”.
2.2 Completing a Course/Having a Certificate Issued

Once you have passed all the modules in [COURSE OF PARTICIPANTS] (requiring at least 80% for each module test), 【Not completed】 changes to 【Click to complete / issue a certificate】.

Note that the course is not complete at this point.

Click 【Course name 【Click to complete / issue a certificate】】.

The system calculates and determines whether you have satisfied the conditions set for the course for completion.

Make sure to click the course name as doing so is required to complete the course.

Click the 【Get Certificate】 button on the certificate issuance screen.

*We are conducting a survey regarding e-Learning. If you would like to answer our survey, please click the [Answer the survey] link in the certificate issuance screen. We value your opinion to further improve the usability of our system.
If the message “You can not issue a certificate of completion. In order to issue a certificate of completion, it is necessary to take a passing grade in the next unit within the prescribed period.” is displayed, this indicates that the conditions set for the course are not satisfied (conditions such as the attendance period may be set) and the certificate cannot be issued.

If this screen is displayed even if you have passed all the modules for the course, contact the administrator via [Contact to Manager] ((4) of “1.3 Main Menu”) and have the conditions for the course checked.
The certificate will be displayed on a different screen. The certificate can be downloaded as a PDF file.

3 Checking the Course Material List

3.1 Taking Optional Modules from the Course Material List

Click the link of your institution at the bottom of the main menu.

The [CONTENT LIST] screen is displayed.

*Click [Grades] on the left side of the screen to view the scores of all modules.

Scroll down the page until the course material list is displayed.

All the course materials provided by APRIN are available through these links.

*Because a certificate is issued for the entire course, taking modules here would not lead to having a certificate issued.
Two links are provided for each module. Click the link with a check mark to go to the module’s top page, or click the link with [TEXT] to go directly to the module text (or the language selection screen if both the English and Japanese versions are provided).
